

January to June 2012

Global Rhythm 2012

Global Rhythm is a new, successful and growing event on the Ipswich Arts Festival programme. Held in Ipswich for the last two years it has attracted over 8,000 people to Christchurch Park with music and entertainment from around the Globe.

We need YOUR involvement to make this event "bigger and better" by showcasing a Carnival Parade to accompany the music on the day.

We want to bring communities together to help with, and take part in this parade - an event to showcase their own carnival creations with a colourful explosion of music and dance.

The project will run from January 2012 through to June 2012 encouraging local artists, community and youth groups to come together in a series of creative costume design workshops and the newly learnt skills will be displayed in a full costume parade on Christchurch Park for Global Rhythm on 30 June 2012.

In order to make this project a success WE NEED YOU. We are looking for local people, resident's groups, artists, youth groups, in fact ANYONE within the Ipswich community who feels they can contribute to this exciting opportunity.

We plan to hold a brain storming session on the 21st January 11-1pm in the Education room at Ipswich High Street Museum to bring together ideas on how we can launch the project and give the community of Ipswich something to be proud of!

Please contact Rowena Leba on 07739285882 or rowenaleba@googlemail.com for any further details.

We look forward to seeing you on the 21st!
